Sunny Day's Page

Yes, I admit it. I like somebody. It's no one you would know though.

No one you would know yet!
Sunny: Okay, this is Aurora. Up where I go to school at, we have a dance for Valentines day. Guess who I got a crush on?

Aurora: Me!

Sunny: That's right! Now that picture of me was modified to look like I loved her.

Aurora: But your standing right in front of me drooling like an idiot!

Fred: Criticism; the only key to true love.

Sunny: How would you know?

Fred: Well I...

Sunny: Tell me you didn't.

Aurora: Didn't do what!?

Fred: Well... I kind of did...

Sunny: Is it just for the dance?

Fred: Yeah... it is... for now.

Sunny: You're in Grade 4 million! You're not supposed to have dates!

Cheryl: Who is it Fred?

Fred: If Sunny is going to make a big deal about it I'm not telling anyone!

Girl at door: Hey Freddy-Poo! It's your date, Lola!

Aurora: A word of advice to you, Fred, don't get the dorkiest kid in your class as a date.

Fred: I'll keep that in mind next time.

Sunny: (singing) I got my girl, my pretty girl...

Aurora: I guess, thanks for reading Sunny's Page.

Ellie's Guide to Everything!

Today's Topic: Love

Dear Ellie,

There is this guy in my class that I think I like, but I'm not sure. There are moments that I am like, "Ooh I really want to be with him, and times I want to yank his guts out! What do I do??"

Signed,

Love me or hate me

Dear Love me or hate me,

I know exactly how you feel. You think you like him but he disgusts you, right? Well my advice is to not move to suddenly. Let him make the move first. And if he does ask you out or you decide to let the bomb drop first, don't be too harsh. Start your relationship off slowly and slowly work up to a higher level. And if you ever get that sinking feeling and think that you aren't meant to be, end it as soon as possible. A relationship is about comfort, and if you are not comfortable, it isn't for the best.

Your Friend,
Ellie

### Dinner is Served!

On today's menu: Pancakes!

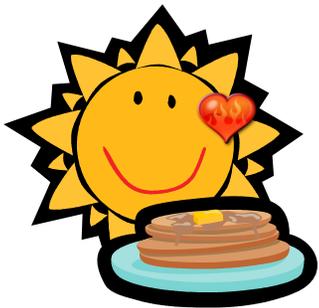

**Materials: Spatula                      pan**  
**Non-stick spray                      batter (use your own recipe)**

Have the batter prepared. I'm just here to help with the hard part.

1. Put the pan on the stove. Make sure the handle is turned toward the back so people don't scald themselves. Then spray on the non-stick spray. Next bring your batter to the stove. Make sure the batter has no lumps.
2. Turn the stove on to medium. With your spatula, scoop up how much batter you want on your pancake (the bigger the scoop of batter the bigger the pancake). Then wait until you see lots of air bubbles in the center. When you see those use the spatula and run it around the edges of the pancake so they don't stick. Then FLIP! (You may want to do that slowly.)
3. Let it cook for a bit and check the edges to see how dark they are. When you think it is dark enough for your taste, you can flip them over if you want to again. Then, turn off the stove and your done!

#### Tips and Reminders

- **Make sure to clean up your mess when you are done.**
- **Make sure to have help the first couple of tries.**
- **This recipe is always good with some fruit!**
- **Enjoy!**

This is Davis's favorite food!

Keep Cooking,

### Hanna's Health

Well this is crazy all the snow on the ground. Oh yah Sunny I have a request MELT THE SNOW.

This month I'm going to talk about stress. This is a hard time of year with basketball, dance, piano, church, confirmation, choir, babysitting, chores, Girl Scouts, shopping, appointments, sickness, and HOMEWORK. You may have lots of things going on in life but logic says it is actually good for you to have a lot of things to do in your life, because it keeps you going in the right direction. If you don't keep busy you can be turned the wrong way.

Wait, what does that mean?

Well, if you're going in the right direction, you can plan your time wisely and it will be a bit harder to turn towards alcohol and other substances. If you're going in the wrong direction, you may not plan your time as well and it may be easier to turn to illegal substances. You aren't a bad person, no matter what direction you travel in, you just have to be cautious. If your grades suffer from too much stress, as Ellie said, drop an activity you don't like as much.

Stay healthy and keep busy,  
Hanna

Hanna, I'm not my older-second-twice removed-cousin Sol! (By the way that's the Sun's real name) I really can't melt the snow! If I can figure out how to get in contact with my older-second-twice removed-cousin Sol, I could help you. But as for now, I can't.
